

What to tell your child when bringing him/her for play therapy

You are going to meet a play therapist named Pam. She has a playroom with lots of toys that you can play with in lots of different ways.

Pam will not make you do anything that you don't want to do and you will be able to choose when you want to say something.

Your play times with Pam will happen at the same time and in the same place each week. Sometimes Pam will need to talk to your parents about how you are doing.
